Why do we need to build community relationships for activities support?

Since 2020, the Fairbanks North Star Borough School District:

- **Has closed 6 schools**
- **Has seen enrollment drop by 2000 students**
- **Has lost state funding based on decreased enrollment**

This is not a Fairbanks or Alaska issue; it is part of a national trend.

What does any of this have to do with community relationships for activities support?

**Tell your own story.
Don't assume your community knows.
At North Pole HS, since 2022, students
who participate in sports:**

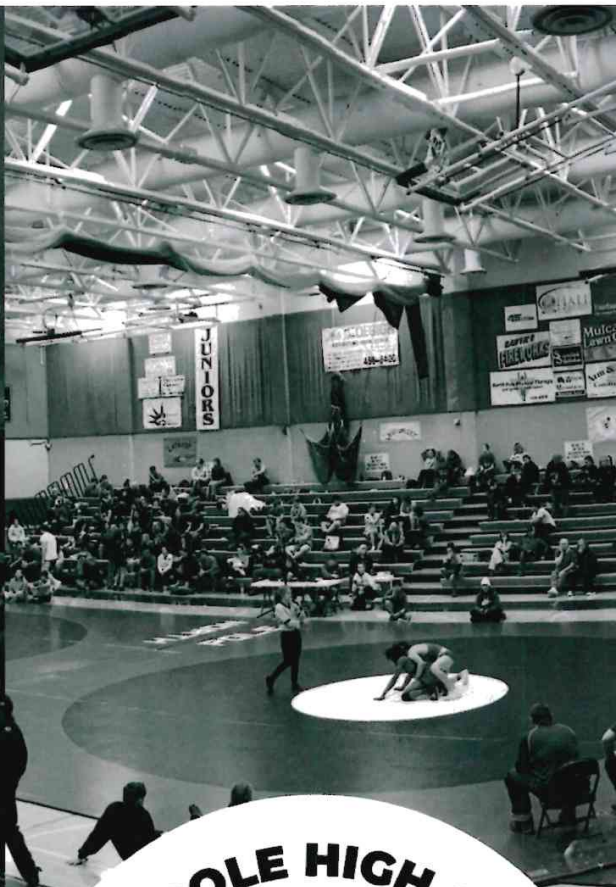

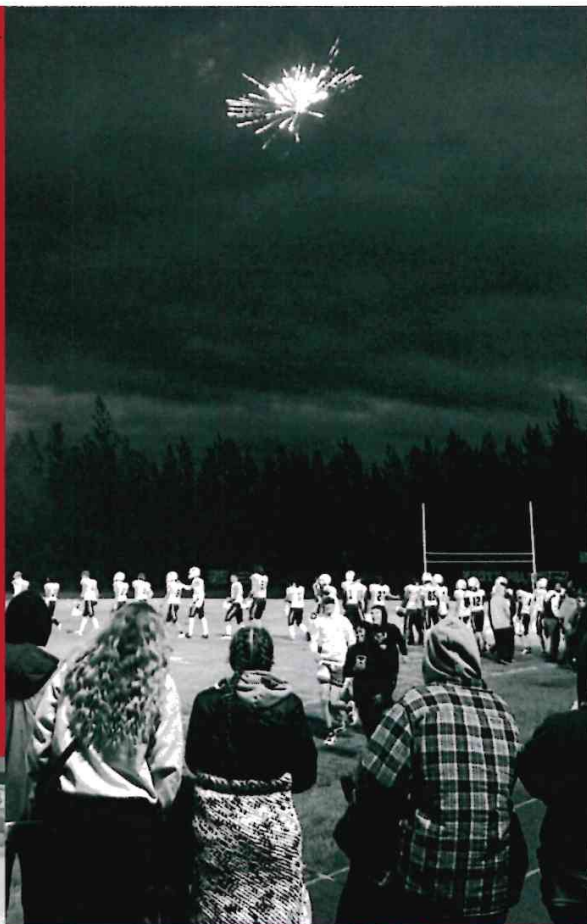

- **Have an in-season average GPA of 3.29**
 - **Have a 99.5% graduation rate**
- **Account for 20% of in-school suspension days**
- **Account for 9.4% of out of school suspension days**
 - **Account for 11% of long-term suspensions**
 - **Account for 4.7% of expulsions**

North Pole nonprofit steps up to revive Newby Park after borough lease approval

Fairbanks North Star Borough photo

An aerial view of Newby Park near North Pole shows the conditions of the park in 2023. The borough wants to lease the park out a private-public partnership years after it stopped maintaining it in 2016.

Fairbanks North Star Borough photo

A summer of potential lies ahead for Newby Park, after the Fairbanks North Star Borough Assembly on Thursday approved a four-year lease to a North Pole nonprofit seeking to restore the long-neglected park to its former community glory.

For larger projects... work with all of the above (alumni, local businesses, local government, and other community groups).

The new NPHS scoreboard has been a multi-year effort involving several groups.
